Press Note

HIGHLIGHTS OF CLASS XII 2014 EXAMINATIONS

- This year the Board introduced the facility for the schools to generate online Roll number wise List of Candidates appearing in Class XII examination. Schools also generated online Admit cards for the regular students appearing in 2014.
- The number of chances for Compartment for Class XII has been reduced to three for candidates appearing w.e.f. 2013 examination. **However, for candidates who have appeared for the 2012 examination and placed in the category COMPARTMENT shall get upto five chances.**
- With the objective of developing multidisciplinary approach to various topics and to develop skills like comprehension, analysis, interpretation, project work was introduced in subject of History for 20 marks.

Schools were instructed to suitably keep a space for 10 periods for the project work in History. Project work was to be done in groups. However for visually impaired candidates teachers were instructed to assign suitable work and activities. Evaluation was done by external examiners.

- **On-Screen Marking (OSM) system:** In Class XII OSM was done in English (Core) and Economics in Delhi region only. This move is designed to help in strengthening the evaluation process and minimizing the scope for errors.

Teachers from affiliated schools were trained for On Screen Marking. Answer-sheets for these subjects were scanned and uploaded centrally and then downloaded at the evaluation centres online. For evaluation, teachers were given a user-id through which they could access and download the batch of scripts assigned to them for evaluation.

The OSM software has been developed in such a way that the Answer sheets cannot be submitted to the Head Examiner if there is any un-assessed portion or unmarked answer on the Answer sheets. As a result there is no chance of leaving questions unassessed.

The Head Examiner was responsible for reviewing 10% Answer sheets compulsorily to ensure proper marking and rectifying mistakes, if any.

- **Value Based Questions:** The Board has decided to follow an interdisciplinary approach in value education where values are intermingled with the content of all the major subjects in classes IX to XII. The questions up to 3-5 marks were based on content and analysed on the basis of the values reflected.

Observation Schedules: To give fair deal to the question papers and redress genuine grievances of the students, observation schedules were sent to all the schools to record and forward their suggestions within 24 hours of the conduct of examination in concerned subject so that those could be considered by the expert group while preparing the marking schemes.
