Your Excellency Navdeep Singh,

Commencing with Academic Year 2019-2020, AU will be offering two full scholarship to the top male secondary school graduate and female secondary school graduate from your country. With this generous funding package, your highest-achieving students will enjoy a rigorous academic experience along with robust co-curricular activities in one of the best student cities anywhere.

Not only is Ajman University the first private institution in the region, it's also one of the most modern. Our campus offers cutting-edge classrooms, state-of-the-art services and globally trained faculty. As a result, our students at AU routinely perform at the very top of national and international competitions, including the recent UAE Hackathon and the Global Sojar Decathlon.

Ajman University's programs are all accredited by the UAE Ministry of Education and an increasing number of our programs are accredited by international bodies.
